Besançon, 4 November 2004

Dear Colleague and Friend,

Now that my term as President of the European Society of Cardiology has come to an end, I would like to thank you personally very much for your hard work and dedication to the Society during my term as President.

It was an honour and a pleasure for me to be the President of the European Society of Cardiology, and I greatly appreciated your contribution and our fruitful and enjoyable collaboration.

I think that together, we have achieved a lot over the last two years, and I thank you for your part in these achievements.

Thanks again,

Kind regards,

Jean-Pierre Bassand

President, European Society of Cardiology 2002-2004

The mission of the ESC: to improve the quality of life of the European population by reducing the impact of cardiovascular disease
