

09:00 - 10:30 S22 - Structural Heart Disease (Cont.)

Hall B

- 09:24 **The Spectrum of Closure Devices for ASD and PFO: Design, Data, Differences and Selecting the Optimal Device**
Stephen Brecker
St George's Hospital, UK
- 09:36 **Left Atrial Appendage Closure: Where are we now**
Gregory Mishkel
Prairie Cardiovascular Consultants, USA
- 09:48 **The Use of Cutting Balloon for Resistant Congenital Pulmonic Stenosis**
Sagui Gavri, Zeev Perles, Azaria Rein
Hadassah Hebrew University Hospital, Israel
- 10:00 **Efficacy and Effectiveness Evaluation of Secondary Prevention of Cryptogenic Stroke or TIA in Patients with PFO Successfully Treated by Percutaneous Approach: Six Years Follow-Up**
Alessandro S Bortone
University of Bari, Italy
- 10:12 **Panel Discussion**

09:00 - 10:30 S23 - Drug Eluting Balloons

Hall C

Chairs: **Arthur Kerner**, Israel

Juan Granada, USA

Sigmund Silber, Germany

-
- 09:00 **Drug Coated Balloons**
Bruno Scheller
University of Saarland, Germany
- 09:12 **Drug Coated Scoring Balloon - Results from Preclinical Study**
Gary Gershony
John Muir Medical Center, USA
- 09:24 **Emerging Concepts in Drug Eluting Balloon Technologies**
Juan Granada
The Cardiovascular Research Foundation, USA
- 09:36 **Paclitaxel Eluting Stent vs. Paclitaxel Eluting Balloon in Patients with In-stent Restenosis. Optical Coherence Tomography Study**
Robert J Gil
Central Hospital of the Internal Affairs and Administration Ministry, Poland, Polish Academy of Science, Poland
- 09:48 **The Biorest Liposomal Alendronate with Stenting Study (BLAST) Targeted Anti-Inflammatory Systemic Therapy for Restenosis**
Shmuel Banai
The Tel Aviv Sourasky Medical Center, Israel

09:00 - 10:30 S23 - Drug Eluting Balloons (Cont.)

Hall C

- 10:00 **Drug Coated Balloons - The Current State of the Art**
Ron Waksman
Cardiovascular Research Institute, Washington Hospital, USA
- 10:12 **Dior in Coronary Intervention**
Sigmund Silber
Private Practice, Germany
-

09:00 - 10:30 S24 - Heart Failure - Unmet Needs

Hall H

Chairs: **Daniel Burkhoff, USA**
Andre Keren, Israel
Avraham Shotan, Israel

- 09:00 **Overview of Heart Failure Solutions and Unmet Needs**
Daniel Burkhoff
Columbia University, USA
- 09:12 **New Generation Cardiac Assist Devices for a Bridge or Destination Therapy**
Uri Elkayam
University of Southern California, USA
- 09:24 **What is New in Heart Failure- New Approaches to Circulatory Support, Long and Short Term- Unmet Needs**
Daniel Burkhoff
Columbia University, USA
- 09:36 **New Approach to Long Term Circulatory Support - The CircuLite Experience**
Paul Southworth
CircuLite, Inc, USA
- 09:48 **Is CRT the Real Solution in HF?**
Andre Keren
Hadassah-Hebrew University Hospital, Israel
- 10:00 **Cell Therapy for Heart Failure**
Jonathan Leor
Sheba Medical Center, Israel
- 10:12 **Beating Heart Transplantation: A New Paradigm for Organ Preservation**
Bruce Rosengard
Massachusetts General Hospital, USA
-

11:00 - 12:30 PL2 - Plenary 2- Innovations in Interventional Cardiology Halls ABC
Chairs: **Rafael Beyar**, Israel
Chaim Lotan, Israel

11:00 **The SPIRIT Women Trial**
Marie-Claude Morice
Institut Hospitalier Jacques Cartier, France

11:30 **Personalized Medicine and Tailored Therapeutics: One Size Doesn't Fit Everyone**
William L Macias
Lilly Research Laboratories, Eli Lilly and Company, USA

12:00 **Syntax: Three Years Follow-Up - How should it Affect the Guidelines**
Patrick W Serruys
Erasmus MC, The Netherlands

12:30 - 14:00 LUNCH, EXHIBITION VISIT Exhibition Hall

12:45 - 13:45 LC2 - Lunch Symposium: MGuard, New Evidence in Acute MI Hall J
Chairs: **Martin B. Leon**, USA
Chaim Lotan, Israel

SPONSORED BY INSPIRE-MD

Panel:

Jacob George, The Tel Aviv Sourasky Medical Center, Israel
Sigmund Silber, Private Practice, Germany
Ali Oto, Hacettepe University Faculty of Medicine, Turkey

12:45 **Welcome and Introduction**
Martin Leon

12:50 **MGuard in AMI - A Meta Analysis**
Dariusz Dudek
Jagiellonian University, Poland

13:00 **6 Months Angiographic Results in Primary PCI**
Dezso Apro
State Hospital for Cardiology, Hungary

13:10 **2 Years Results of MGuard Stent in Acute MI**
Gennaro Galasso
Federico II University, Italy

13:20 **Challenging Cases:**
Carlos Cafri, Soroka Medical Center, Israel
Carlos Szteifman, Instituto Medico de Alta Complejidad, Argentina
Alessio La Manna, Ferrarotto Hospital - University of Catania, Italy

13:35 **Panel Discussion**

16:20 - 17:45 S34 - Regulation in the Changing Economic and Ethical Environment Hall H
(Cont.)

16:56 **DES: New Recommendations of the ESC**

Sigmund Silber

Private Practice, Germany

17:08 **Are Live Case Transmissions Really Safe?**

Rafael Beyar, Ariel Roguin

Rambam Medical Center, Israel

17:20 **Update in Assist Devices**

Jacob Lavee

Sheba Medical Center, Israel

17:32 **Panel Discussion**

16:20 - 17:45 S35 - Hybrid Session/Cardiothoracic Surgery Hall I

Chairs: **Ehud Raanani**, Israel

Oz Shapira, Israel

Gil Bolotin, Israel

SPONSORED BY PHILLIPS-MEDTECHNICA, SIEMENS

16:20 **Hybrid Room: What We are doing Today and What will be done in the Future**

Gil Bolotin

Rambam Medical Center, Israel

16:25 **Interventional X-Ray Options and Hybrid Systems: Planning**

Martin Timmer

Koninklijke Philips Electronics N.V, The Netherlands

16:45 **Angio Imaging in Hybrid OR Suites**

Martin Ostermeier

Siemens Healthcare, Germany

16:55 **Direct Percutaneous Ventricular Access: Technique and Future Uses**

Carlos Ruiz

Lenox Hill Hospital, USA

17:05 **New Guidelines for Myocardial Vascularisation - Should it be a Joint Decision with the Surgeon?**

William Wijns

Cardiovascular Center, Belgium

17:15 **Debate**

Pro: Ehud Raanani

Con: Ran Kornowski

17:35 **Panel Discussion**
